

FLEXIBLE SPENDING ACCOUNTS.

A Flexible Spending Account, or FSA, is an employee benefit that allows you to conveniently save and pay for you and your family's healthcare expenses. The income you choose to contribute to your FSA becomes tax exempt, giving you extra cash to help pay for upcoming healthcare or dependent care costs, as well as the inevitable unexpected expenses.

Here are a few examples of what is covered:

- Out-of-pocket deductible
- Office visit copays
- Out-of-pocket dental
- Orthodontia
- Vision and hearing
- Prescriptions
- And other qualified out-of-pocket expenses not covered by your health plan

Here's why you should enroll.

- Fast, daily claim reimbursement
- Online claim filing & account access
- mSAVE™ mobile app for Apple & Android
- mSAVE debit card

Here's how much you can save.

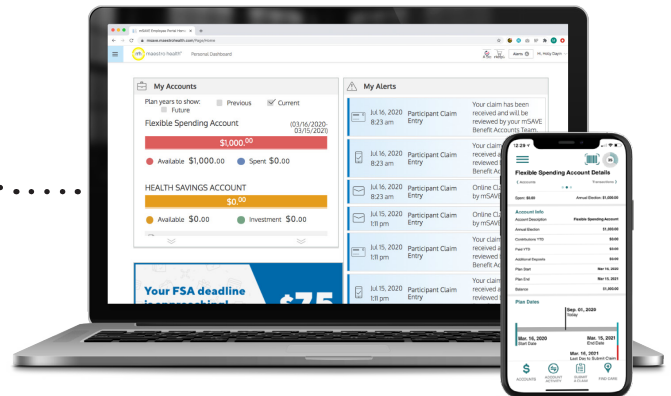

Savings will be determined based on your federal and state tax rates. On average, people save between 20 – 35% on money contributed to an FSA.

What if I don't spend my entire election?

Don't worry. Your employer allows you an additional 2½ months to incur claims after the plan year ends.
